- 9 automatic programs, including Low Carb rice
- Low Carb technology reduces rice carbohydrates
- Premium ceramic-coated inner pot
- Easy preparation of healthy, tasty meals

MultiCook MC600

- 9-in-1 multifunction cooker
- Enameled cast-iron inner pot
- Suitable for electric, gas and induction stovetops
- Oven-safe up to 250 °C

MultiCook M80 Deluxe

- 10-in-1 multifunction cooker
- 10 intelligent programmes
- Premium stainless-steel design
- Oven-safe inner pot for baking and gratinating

Coffee Makers

CoffeeMaster ES200

- Suitable for ground coffee and tea
- Removable, washable permanent filter
- Water level indicator
- Keep-warm function

CoffeeMaster ES300

- Programmable timer
- Suitable for ground coffee and tea
- Removable, washable permanent filter
- Water level indicator
- Keep-warm function

CoffeeMaster ES400

- 2-in-1: automatic grinding and brewing
- Integrated coffee grinder
- Modern touch control panel
- Clock with a programmable timer

Slow Cookers

SlowCook S350

- 3.5 L capacity suitable
- Suitable for up to four people
- Two temperature settings and a keep-warm function
- Oven-safe inner pot for baking and gratinating

SlowCook S500

- 6.5 L capacity
- Suitable for up to eight people
- Two temperature settings and a keep-warm function
- Oven-safe inner pot for baking and gratinating

SlowCook S800 Deluxe

- 5.6 L capacity
- Premium stainless-steel design
- Delayed start
- Oven-safe inner pot for baking and gratinating

SlowCook S900 Plus

- Integrated temperature probe
- Lockable glass lid
- Target or constant-temperature cooking up to 24 hours, including sous vide
- 3 modes, delayed start and keep-warm

SousVide Stick MD400

- Preserves nutrients and vitamins
- Precise temperature control: 25–90 °C
- Suitable for 6–20 L containers
- Includes a manual vacuum pump and 2 reusable bags

Cook BBQ150

- Accurate measurement up to 300 °C
- Ideal for cooking, baking, grilling, or smoking
- Digital LCD display
- Supports up to 4 probes at once

EasyCook AE300

- Quick oil heating
- Adjustable temperature with readiness light
- Easy maintenance

Juicers

SlowJuicer SJ500 XL

- Fine dual-layer microfilter
- Easy cleaning with only three removable parts
- BPA-free TRITAN containers and quiet operation
- Low-speed auger juicing at 40–80 RPM

SlowJuicer SJ770 XXL Deluxe

- Powerful cold pressing to preserve vitamins and nutrients
- Wide 13 cm feed chute
- Premium BPA-free TRITAN components
- Easy cleaning, stability, and safety

Blender

CrunchX Power NF650

- Extra-powerful 1,500 W motor
- 1.5 L glass blending jar
- 600 ml TRITAN smoothie bottle
- 6 automatic programs, including ice crushing
- Exclusive black stainless steel design

Dual-Basket Air Fryers

AirCook DualZone Q670 XXL

- Two baskets with viewing windows and internal lighting
- Digital display with color icons
- Save your own program
- Compact, space-saving design

AirCook DualZone Q787 XXL Deluxe

- 2-in-1 dual-basket air fryer and oven CeramEQ+
- 2 × 5.5 L baskets or 14 L capacity
- CeramEQ+ ceramic non-stick coating
- 50 paper liners + recipe book included

AirCook Q10

- Ideal accessory for TESLA pressure cookers
- 5 automatic Heat2Flow programs
- Fits 22/24 cm pots
- 60-minute timer with auto-off
- Modern touch controls

AirCook & Grill QG800 WiFi

- Hot-air fryer, rotisserie oven, dehydrator and more
- App control for Android and iOS
- 360° rotisserie cooking
- Rotating basket for even roasting

Air Fryers with Top and Bottom Heating

AirCook DualHeat QD464 XXL

- DualHeat top & bottom heating
- PFAS-free CeramEQ+ ceramic-coated baskets and racks
- 360° TotalAirFlow for even cooking
- 2 × 4.5 L illuminated baskets

AirCook DualHeat QD73 XXL

- DualHeat top & bottom heating
- PFAS-free CeramEQ+ ceramic coating
- 360° TotalAirFlow circulation
- XXL 9 L capacity

AirCook DualHeat QD575 XXL

- DualHeat top & bottom heating
- PFAS-free CeramEQ+ ceramic coating
- 360° TotalAirFlow for even cooking
- 10 L XXL basket with divider

AirCook DualHeat QD65 XXL

- DualHeat top & bottom heating
- PFAS-free CeramEQ+ ceramic coating
- 12 programs incl. drying & defrosting

Air Fryers

AirCook Q45 Pro

- PFAS-free CeramEQ+ ceramic coating on the basket and rack
- 9 automatic programs + custom favorite program
- Viewing window with internal lighting

AirCook TrioZone Q636 XXL

- Cook in up to 3 zones at once
- Bottom zone up to 300 °C
- 2-tier stainless steel skewer rack
- 6 grill skewers included
- PFAS-free CeramEQ+ ceramic coating

TESLA

FOR A CLEAN HOME

PureStar E20 Plus

- 2-in-1: stick and handheld vacuum cleaner with cyclonic filtration technology
- Display showing the battery charge status
- Flexible aluminum tube with joint
- Runtime of up to 25 minutes on a single battery charge

PureStar E50 PowerDock

- 2-in-1: stick and handheld vacuum cleaner with cyclonic filtration technology
- Charging docking station for automatic battery charging and accessory storage
- Suction power of 25,000 Pa
- Flexible aluminum tube with joint

PureStar E70 Aqua Pro

- 3-in-1: stick vacuum cleaner, handheld vacuum cleaner and mop
- Vacuums and mops at the same time
- Runtime of up to 60 minutes
- Easily vacuums under low furniture

- Two rotating mops for effective mopping
- Up to 30 minutes of operation time on one battery charge
- Water spray for effective dirt removal
- LED light illuminates the floor
- Lightweight

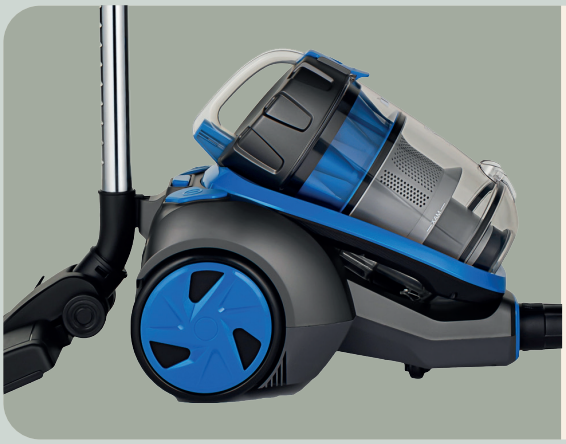

Vacuum Cleaners

AeroStar T300

- 2-in-1 corded stick and handheld vacuum cleaner
- Operating radius of up to 8 metres
- Four-stage air filtration
- Spare EPA and foam filters included

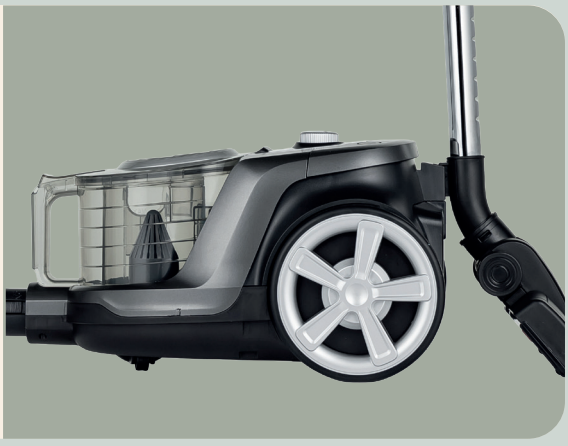

AeroStar T500

- AAA cleaning efficiency
- Bagless operation with cyclonic filtration technology
- Highly efficient HEPA H13 filter
- Operating radius of up to 9 meters
- Large dust container

AeroStar T700

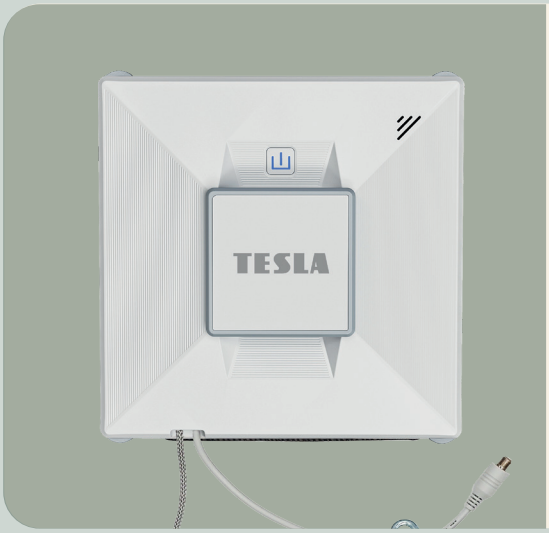

- AAA cleaning efficiency
- Power input 900 W
- TURBO brush
- Highly efficient HEPA H13 filter
- Operating radius of up to 9 meters

RoboStar W400 Pro

- Gyroscopic FASTtrack 6.5 navigation
- Two rotating microfibre mops
- Ultrasonic water spraying through two nozzles
- Backup battery and safety cable

RoboStar W800 WiFi

- Four nozzles with an ultrasonic water-spraying system
- Intelligent navigation for automatic cleaning
- Fast, safe and effective cleaning of windows, mirrors and shower screens
- Control via the TESLA Smart app

Robotic Vacuum Cleaners

RoboStar iQ660 Plus

- 3-in-1: vacuums, wet mops and automatically empties dust into the station
- Powerful digital motor with 13,000 Pa suction power
- 360° intelligent laser navigation with memory

RoboStar iQ660

- 2-in-1: vacuums and wet mops simultaneously
- Powerful digital motor with 13,000 Pa suction power
- 360° intelligent laser navigation with memory

RoboStar iQ900 Ultra

- 4-in-1: vacuums, cleans floors with rotating mops, washes and dries the mops, and automatically empties dust into the station
- Automatic cleaning and charging station
- Powerful digital motor with 10,000 Pa suction power
- Innovative extendable rotating mop arm

PowerWash & Steam Station TQS600

- Powerful multifunctional vacuum and upholstery cleaner with steam function
- 3-in-1: hot steam, cold/warm water and powerful suction
- 5 cleaning modes, including steam and self-cleaning
- Separate tanks for clean and dirty water

PetCare Station TQ500 Pro

- Ideal for brushing, deshedding, trimming and vacuuming up pet hair in one step
- Electric clippers with several attachments and brushes
- Quiet operation with 3-level suction control
- HEPA H13 filter filter with very high air filtration efficiency

AeroGrip Steamer EA404

- 2-in-1: steaming with active suction
- Three modes, including TURBO steam
- Ready to use in just 20 seconds
- Colour touch icons and clear status indicators

- 3-in-1 - three cleaning functions in a single step: loosening, disinfecting and vacuuming dirt from the surface
- Ideal for allergy and asthma sufferers
- Powerful UV-C lamp and hot air destroy 99.9% of bacteria, allergens and dust mites
- Suitable for cleaning mattresses, pillows, duvets, sofas, etc.

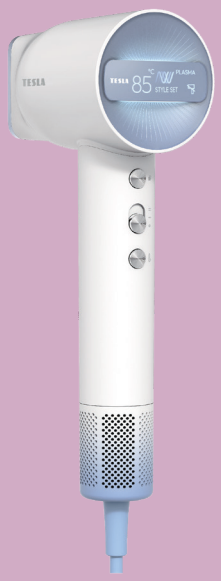

TESLA

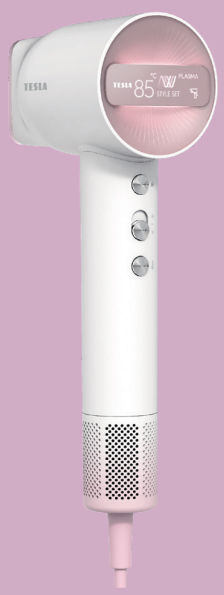

FOR EVERY STYLE

TESLA MyCare AF04 AI Hair Dryer – Blue

- AI distance detection for automatic temperature control
- BLDC motor for powerful airflow
- LCD display with five preset modes
- Up to 1 billion negative ions to help reduce frizz and static

TESLA MyCareAF04 AI Hair Dryer – Pink

- AI distance detection for automatic temperature control
- BLDC motor for powerful airflow
- LCD display with five preset modes
- Up to 1 billion negative ions to help reduce frizz and static

Hair Dryers

TESLA MyCare AF02 Foldable Hair Dryer

- Foldable design – ideal for travel
- Two airflow speeds and three temperature settings
- Ionic care to help reduce frizz
- Two attachments included: a concentrator and a diffuser

TESLA MyCare AF05 Hair Multi-Styler

- High-speed BLDC motor for fast drying
- Four temperature modes, including a circulation mode for hair protection
- Styling attachments for straightening and creating waves
- Ionic care to help reduce frizz

TESLA

FOR A SMARTER HOME

Multimode ZigBee Hub ZH44

- Zigbee, dual-band Wi-Fi, and Bluetooth BLE
- Stable connection via 5 GHz Wi-Fi
- Easy setup with LED status indication
- Control and automation via the TESLA Smart app

IntelliQ AI NOTE64

- Storage Memory: 64 GB
- Internal batery: 400mAh
- Leather cover
- 300 min/month AI transcription included
- Control via the TESLA Smart app

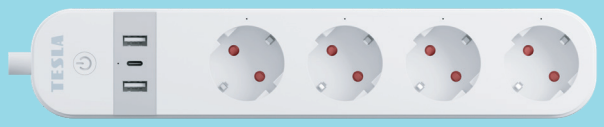

Device MS360se

- 3-day weather forecast
- Sensor readings shown directly on the station display
- Two external temperature and humidity sensors
- Control and automation via the TESLA Smart app

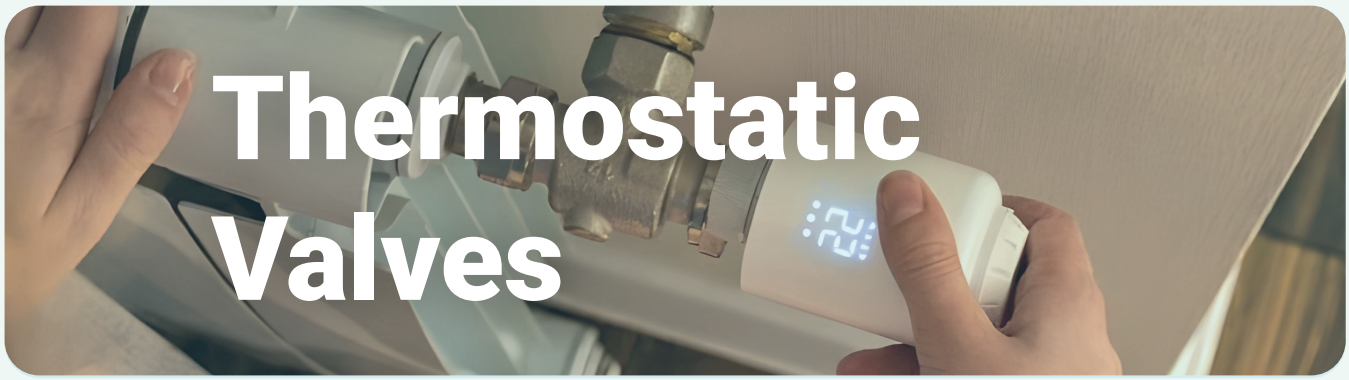

Power Strips

Smart Power Strip PS300

- Convenient control via the mobile app or voice assistants
- Independent control of power outlets and USB ports
- Real-time energy monitoring for connected devices
- Support for automations, schedules, and custom smart scenes

Thermostatic Valves

Zigbee SV60

- Zigbee via TESLA Gateway
- Schedules + Comfort / ECO / Anti-Frost modes
- Open window detection
- Easy installation with valve adapters

WiFi SV50

- Wi-Fi control via TESLA Smart app
- Heating schedules + Boost / Holiday modes
- Open window and frost protection
- Adapters for standard valves included

Smart Plugs

Smart Plug SP300 3 USB

- App or voice control
- 2× USB-A + 1× USB-C
- Real-time energy monitoring
- Automation and scheduling

Smart Plug SP400

- IP44 outdoor design
- Energy monitoring
- Timers and automation
- Remote app control

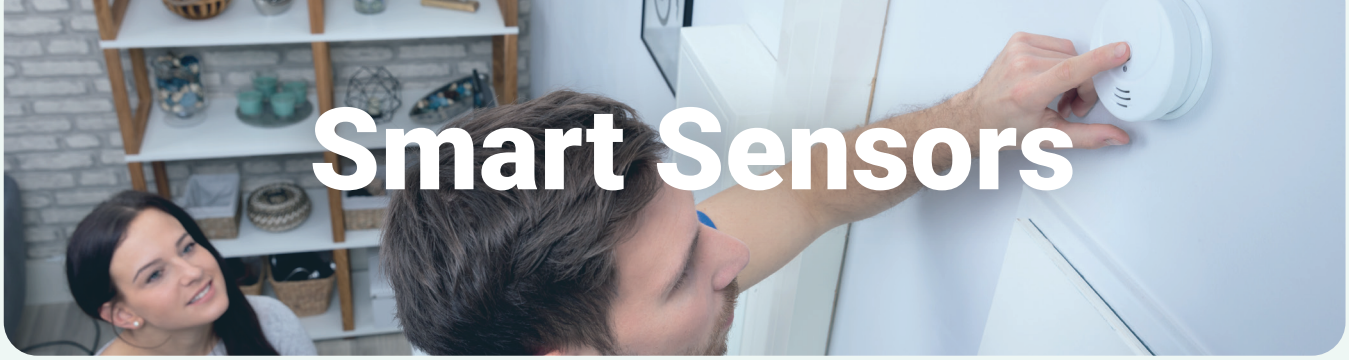

Smart Plug SP300

- Remote Wi-Fi control
- Energy monitoring
- Google Assistant & Alexa
- Scheduling and automation

Smart Plug Dual SD300

- Controls two devices at once
- Energy consumption monitoring
- Voice assistant support

Smart Sensors

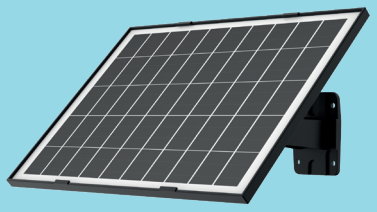

Solar Panel 5W

- Wireless camera power supply
- Easy installation and setup
- Suitable for use beyond the reach of the power grid
- Water and dust resistance (IP65)

Solar Panel 8W

- 2m TYPE-C Cable
- 8W/3.0 Glass Panel
- Standard Operating Voltage: 5.0V
- Standard Operating Current : 1.41A
- Easy instalation

Smart Button Plus

- Three commands in one button
- Quick control without a phone
- Compact wireless design
- Energy-efficient Zigbee technology

SecureQ TS01

- Wireless Standards IEEE 802.15.4; 2.4GHz Zigbee 3.0
- Radar Frequency Band 60Ghz - 62.5GHz
- Easy instalation
- Control via the TESLA Smart app
- Scene automations

Smart Sensor Smoke

- Smoke & heat detection with mobile alerts
- Loud alarm and visual indicator
- Zigbee smart home integration

Sensor Temperature and Humidity Display

- Real-time temperature and humidity monitoring
- Long battery life with no wiring required
- Zigbee smart home integration

Smart Sensor Siren

- 100 dB audible and visual alarm
- Wireless Zigbee connectivity
- Protection against unauthorized tampering

Smart Sensor Water

- Instant water leak alerts
- Wireless Zigbee smart home integration
- Compact, water-resistant IP66 design

Smart Sensor Gas

- Methane (natural gas) detection
- ≥70 dB audible & visual alarm
- Mobile app notifications

Smart Security

SecureQ SC10

- 2.5K (QHD), 4 MP resolution with a 106° field of view
- IR night vision with LED illumination up to 10 m
- AI motion, person, and sound detection with mobile alerts
- Two-way audio and a built-in siren

SecureQ SC15

- 3K (QHD+), 5 MP resolution
- Wireless design with an included solar panel
- Person and vehicle detection with an audio-visual siren
- Wi-Fi, microSD/cloud storage and TESLA Smart app control

SecureQ SC20

- 2.5K (QHD) 4 MP resolution
- One-touch video calling
- Smart motion, sound & baby cry detection with night vision
- 360° pan coverage

SecureQ SC30

- 2 MP resolution
- 3D DNR dynamic noise reduction
- 360° PTZ rotation
- Two-way communication
- Control via the TESLA Smart app

SecureQ SC35

- 4 MP, 4K (UHD) resolution with a 185° panoramic view
- Colour and IR night vision
- Smart person detection with a built-in siren
- Control via the TESLA Smart app

SecureQ SC45

- 2.5K (QHD), 4 MP resolution
- 4G/LTE connectivity with SIM support – no Wi-Fi required
- Solar-powered battery for fully wireless operation
- 360° PTZ rotation
- AI detection with siren and spotlight

SecureQ SC55

- Horizontal rotation
- 2 MP resolution
- Motion tracking
- PoE or 12 V / 1 A power supply
- 3D DNR dynamic noise reduction

SecureQ DB5

- 2K video with a wide field of view and night vision
- AI person, motion, and package detection
- Two-way audio with a built-in siren
- Long battery life with microSD and cloud storage

SecureQ i13

- Complete property security system
- Quick installation and intuitive operation
- Mobile app for Android and iOS
- Expandable with additional accessories

Baby Monitors

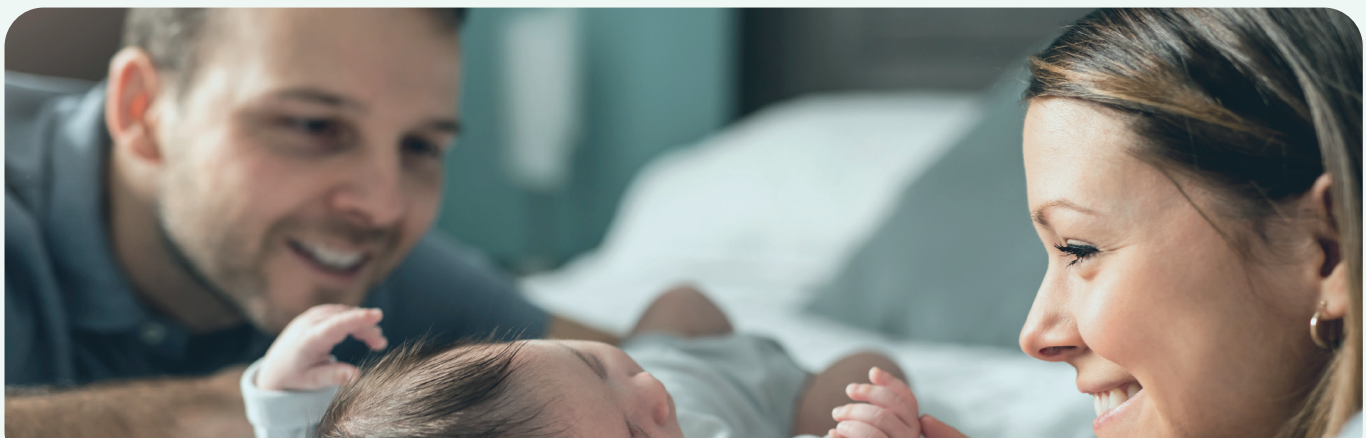

Bambino BM30

- 5.5“ monitor + app control
- Temperature & humidity monitoring
- Lullabies, night light & two-way audio
- Supports up to 4 cameras

Bambino BM40

- Wi-Fi monitoring via the TESLA Smart app
- 355° pan and 55° tilt
- Invisible IR night vision
- Motion, cry, noise, temperature, and humidity detection

Wireless Speaker

Sound BS70

- IPX7 water resistance
- RGB lighting
- Bluetooth, FM radio, USB & 3.5 mm jack
- Built-in power bank
- TWS pairing of two BS70 speakers

Earbuds

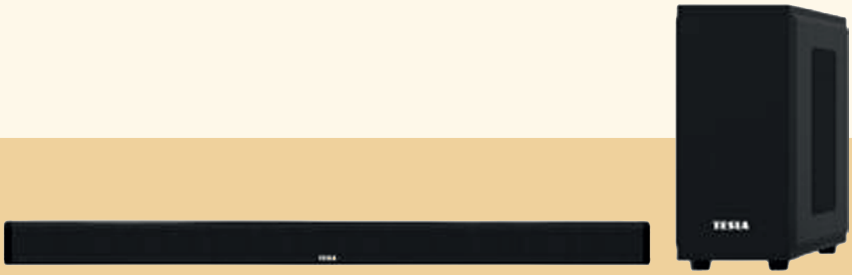

Sound EB20

- Lightweight and ergonomic design
- Intuitive touch control
- Magnetic charging case with automatic on/off function

Soundbars

PrimeSound HQ-880

- Clear, dynamic sound with a total peak output of 200 W (PMPO)
- Powerful subwoofer
- Bluetooth connectivity
- SD card slot and USB input for MP3 playback

PrimeSound HQ-995X

- 2.1-channel Dolby Atmos soundbar with a wireless subwoofer
- Dolby Atmos, Dolby TrueHD, Dolby Digital & Dolby Digital Plus
- HDMI eARC/ARC, HDMI-CEC, optical input, Bluetooth, USB & 3D Surround

PrimeSound HQ-990

- Dolby Atmos, Dolby TrueHD, Dolby Digital & Dolby Digital Plus
- HDMI eARC/ARC, HDMI-CEC, optical input, Bluetooth, USB & 3D Surround
- Compact design with two built-in subwoofers

Media Boxes

MediaBox XT850 Android TV

- Hybrid set-top box with Android TV™
- Google Assistant voice control
- Ultra HD 4K with Dolby Audio
- Google Assistant voice search and control
- Chromecast built-in™

MediaBox XG500 Google TV

- Certified Google TV™ operating system
- Chromecast built-in™
- Voice search
- Supports 4K streaming services

MediaBox XG600 Google TV

- Certified Google TV™ operating system
- Voice search
- Chromecast built-in™ and screen mirroring
- Access to Netflix, OnePlay, Disney+, HBO Max, and many more services

Set-top Boxes

TE-300

- H.265 (HEVC) support
- DVB-T2 certified by Czech Radiocommunications
- HDMI-CEC support – control your TV and set-top box with one remote

TE-3000

- Skylink READY certified
- Fully compatible with Skylink satellite TV
- FastScan – easy channel search, sorting, and updates

TE-323

- H.265 (HEVC) support
- USB recording and TimeShift
- HDMI-CEC support – control your TV and set-top box with one remote
- Two remotes: senior-friendly and compact programmable.

TESLA
FOR PLAYFUL LEARNING

Playful language learning through conversation

Buddy helps children explore languages naturally through playful, age-appropriate dialogue. It supports English, German, Czech, Slovak, Polish, Hungarian and many other languages supported by the AI chatbot, helping children build vocabulary, comprehension and speaking confidence.

Learning through play with an interactive owl

Bambino Buddy AI OWL turns children's questions into playful discovery.

It responds to voice commands, holds simple conversations and supports the development of imagination, language skills and creativity, making learning feel natural and pressure-free.

Simple controls for everyday use

Children can interact using voice commands or the button on the left wing. The expressive eyes react to selected emotions, making communication clearer and more engaging.

TESLA Bambino Buddy AI OWL

A smart soft toy owl for kids

- Interactive learning through play
- Personalized stories and natural conversation
- Parental overview via the TESLA Smart app
- A controlled environment with clearly defined boundaries
- Requires a 2.4 GHz Wi-Fi connection and internet access. Not suitable for children under 3 years.
